The Mahabalipuram beach resort boasts stunning Bay of Bengal views

Steps from the enticing shores of the Bay of Bengal, the Radisson Blu Resort Temple Bay Mamallapuram is an award-winning resort which spans across 44 acres of lush landscaped gardens and features 157 chalets, villas, bungalows and suites, most offering unparalleled views of the Bay of Bengal.

When hunger strikes, the resort's two restaurants serve global cuisine with waterfront views. Our spa, fitness center and 27,000-square-foot meandering outdoor pool are just a few of the perks you can enjoy during your stay in Mamallapuram, also called Mahabalipuram. We offer a wide range of activities from adrenaline-pumping ATV rides, boat adventures and scuba diving to the more relaxing archery, indoor games and canoeing. The resort's business facilities are the largest and most diverse in the area, with over 11 meeting rooms, the area's largest pillarless ballroom, which spans approximately 20,000 square feet, and approximately 65,000 square feet of expansive lawns ideal for all functions.

Freighteam Ireland

INTERNATIONAL FREIGHT FORWARDERS

Ireland

www.freighteam.ie

Freighteam Ireland was established in 1999. Already widely experienced in the haulage industry when we first opened our doors, we built on this knowledge to create a business which prides itself on personal service.

Our people are at the heart of the service we provide – from logistics experts to warehouse staff and from administrators to our drivers. They're supported by the latest technology and all the training they need to use it for maximum efficiency.

Most importantly of all, trust us with your precious cargo and we promise that we'll treat it with the same importance that you do.

ACME Logistics LLC

Oman

WE ARE Acme Logistics !

Logistics Ground's flexible model, using only quality carriers, means you benefit from multiple options, improved service levels, greater flexibility and time-definite deliveries. Our expertise in transport management and planning allows us to design a solution that meets your needs and also quickly respond to any event disruptions, such as weather.

Integrated Road networks, covering the world. Through our global network of control towers and state-of-the-art technology, we are able to monitor and dynamically react to situations such as adverse weather, additional pick ups or drop offs, or heavy traffic, meaning that your goods are always travelling the most efficient route.

Our non-asset based Road network provides you with flexibility, improved service levels, accelerated delivery, reduced direct and indirect costs and much less complexity.
