

M6T

ABOUT US

M6T Seal Cargo Services (Pty) Ltd is a privately held 100% black-owned logistics entity based in Johannesburg, South Africa. We are a proud and authentic Level 1 B-BBEE company with a 36% black woman ownership and 30% designated groups ownership.

We are an emerging company founded by young entrepreneurs with a cumulative industry experience of over three decades. We seek to disrupt the industry status quo by placing customer experience at the heart of all its activities, as well as a commitment to authenticity and transparency within our operations.

We pride ourselves in being more than just a business. As a proudly South African company, we take our social responsibility seriously.

OUR VISION

To be the most authentic and efficient clearing and freight forwarding company in South Africa utilising the best available human capital and technology.

OUR MISSION

To provide an exceptional and reliable service by being honest and transparent to our stakeholders.

As such we have partnered with some of the best international Freight Associations and we are a proud member of the Johannesburg Chamber of Commerce and Industry, World Freight Partnership, The South African Association of Freight Forwarders, Aviation Logistics 365, Proudly South African and TÜVRheinland.

LEVEL 1 B-BBEE COMPANY WITH A 36% BLACK WOMAN OWNERSHIP AND 30% DESIGNATED GROUPS OWNERSHIP.

CAREERS

M6T is an emerging Logistics and Supply Chain company but this more than a just a business. We see this as a platform to change and uplift lives in the larger communities where we operate. We value authenticity, knowledge and ubuntu within our operations. We are always looking for enthusiastic and driven people to join our team and transform our customers' businesses.

Our company is constantly growing, and we want to welcome those who see opportunity in the challenges and complexity that are intrinsic to the logistics industry. We celebrate individuals and support a culture that sees employees as part of our larger family. We are looking for detail-orientated, authentic, strategic problem-solvers to join our operations.

If this sounds like you, get in touch today to become part of the M6T family.

CSI

At M6T, we believe that it is imperative to support and uplift the communities in which we operate to ensure a healthier and more productive South Africa for all. We strive to create a sustainable impact, and therefore commit 1% of its after-tax profits to important causes within these communities. Currently, our focus is on five key areas: education, environment, health, sports and entrepreneurship.

EDUCATION

The trend within social investment is for corporates to focus funding at the tertiary level to better the talent pool entering the workplace. However, we have chosen a different approach by focusing on basic education, that is, primary and secondary levels. In line with this, M6T has partnered with Sakhelwe Primary School in KwaThema on the East Rand as main sponsor of Achievement Trophies at their annual Prize Giving Day.

SPORTS

We encourage children to participate in physical activity as part of building and maintaining a healthy and socially cohesive nation. Since partnering with Tigers FC under-8s by becoming their kit sponsor last year, the impact has been instant with the youngsters going to win several tournaments towards end of 2019 and cannot wait to see what they will do this year post Corona virus sports activity suspension.

ENVIRONMENT

It is becoming increasingly evident that real and sustainable social initiatives need to be undertaken in order to protect and preserve our planet. This important task cannot be left to municipalities and the government alone, rather local communities need to take charge of their surroundings on behalf of future generations.

We believe everyone has a part to play in preserving our planet so as a company we promote and partake in community tree-planting, cleaning and recycling initiatives. As a business, we do everything in our powers to reduce our carbon footprint impact including encouraging our customers to shift to big shipments from road to rail. We also actively partake in tree planting during the annual September Arbor Week.

HEALTH

Leading a healthy life is the number one way in which to treat preventable ailments. To bolster the importance of getting fit and healthy, we have partnered with fitness instructors to promote this lifestyle in local communities. In light of the Covid-19 crisis, M6T recently donated 134 cloth masks to Vosloorus Society For Care Of The Aged over and above handling tonnes in both import and export of surgical masks.

ENTREPRENEURSHIP:

The high levels of unemployment in South Africa remain an impediment to our society's success. This problem especially impacts and has negative consequences on the youth. Many leading experts purport the idea that a solution to this problem may be in creating small businesses and local entrepreneurship.

This idea is one we support but it cannot be achieved with the current lack of resources and limited access to the digital realm within our communities. We have established an incubation facility at our offices to attempt to address this problem. Here we provide free access to the internet and printing facilities to aspiring entrepreneurs as well as mentor-ship to help young people thrive.
